Compatibility Index

*	Refers to physical compatibility; i.e. the tank-mix is physically compatible immediately after mixing, or for 3+ or 7+ days
**	30 day compatibility as per Novozymes recommendations
√	Compatible
√*	*Marginally Compatible, thorough agitation is required, dilution with water is recommended
√ ^c	^c Compatible but thick, thorough agitation is required, dilution with water is recommended. Use the product immediately after mixing.
x	Incompatible
	Grey and white boxes are not tested

Mixes were generally tested at 5 gal/ac water volume
